

PARTY PEEEL

ACTIVE INGREDIENT- Mandelic, Glycolic & Lactic Acid

- Party Peel is a mild, instant radiance chemical peel formulated with Mandelic Acid (5–10%), Lactic Acid (5–10%), and Glycolic Acid (5–15%).
- This multi-AHA blend provides gentle yet effective exfoliation, removing dull surface cells and revealing brighter, smoother skin — making it ideal before events, functions, or special occasions.
- Designed for minimal downtime, Party Peel delivers a fresh, glowing complexion without aggressive peeling.

INDICATION

- Instant Glow
- Skin Brightening
