

VITAMIN C PEEL

ACTIVE INGREDIENT - Vitamin C

- Vitamin C Peel is a rejuvenating antioxidant-based peel designed to brighten, protect, and revitalize the skin. Enriched with stabilized Vitamin C, this peel helps neutralize free radicals, boost collagen production, and improve overall skin clarity.
- It is ideal for dull, uneven, and photo-damaged skin, delivering a radiant glow with minimal irritation and downtime.

INDICATION

- Dull Skin
- Pigmentation
- Uneven Tone
- Tanning
- Anti-oxidant boosts
- Glow Enhancement

BENEFITS

- Instant skin brightening and glow
- Powerful antioxidant protection
- Reduces pigmentation and sun damage
