

Diode Laser Hair Removal Machine

[US450]

HOW IT WORKS

The energy of light directly acts on the hair follicle tissue of the dermis, and removes the melanin of the hair follicle tissue without damaging the normal skin and sweat glands, thereby achieving permanent hair removal. No pain, comfortable, the most safest technology now in the world.

FUNCTION

- ✓ Permanent & Painfree Hair removal on all body of skin type I-VI.
- ✓ Lip hair removal beard hair removal chest hair removal armpit hair removal back hair removal & hair removal on outside bikini line etc.
- ✓ Any hair color removal.
- ✓ Any skin color hair removal.

6 REPLACEABLE TREATMENT TIPS

Six treatment tips for optional, suitable for different area.

Magnetic connection, easy to replace.

	 12x36mm Back & Chest hair		 12x28mm Legs hair
	 12x20mm Arms hair		 12x16mm Armpit & Bikinis hair
	 12x12mm Lip hair		 5.6mm Nose hair

4 WAVELENGTH

LASER WORK TOGETHER

755nm	808nm	940nm	1064nm
			
755NM FOR LIGHT COLOR	808NM GOLDEN WAVELENGTH	940NM FOR BROWN COLOR	1064NM FOR DARK COLOR

FAC TECHNOLOGY DIODE LASER

Our new diode laser stack adopts the most advanced Fast Axis Comopression(FAC) technology

It makes sure the energy output bigger than the traditional laser stack.

Light guide performance increased by 25%

Light uniformity increased by 20%

COOLING SYSTEM

Refrigeration

360° cooling plate

Cooling effect increased 5 times

Good cooling effect, can reach **-27°C**

- 1 min reduced by 27 °C
- Fast and Strong

ANDROID INTELLIGENT SYSTEM + HAIR DETECTOR

Support customer name writing.
Each customer independently stores and records the treatment data.
Assist in hair detection and recommend treatment data.

BEFORE & AFTER

PARAMETER

Wave length	808nm 755nm 940nm 1064nm Optional
Display	15.6 inch color touch screen
Laser Power	2000W
Energy	260J
Pulse width	Auto, 30ms, 100ms, 200ms
Frequency	1-10HZ
Spot size	12*12mm ² /12*16mm ² /12*20mm ² /12*28mm ² /12*36mm ² , ;5.6mm ²
Machine Power	4000W
Cooling system	1200W TEC condenser Air+Water circulation Treatment head with Japan customized 360° cooling plates Cooling temperature adjustable
Valtage	220V/110V
